

# PEAK PRECISION NUTRITION

## Glutathione LPT™ (S-ACETYL)-L-GLUTATHIONE

Glutathione is the most abundant antioxidant (called the “master” antioxidant) in our body, present in almost every cell. It plays a major role in controlling oxidative stress, supporting immunity (especially important during these times), and supporting detoxification of drugs and xenobiotics (chemicals foreign to us like pesticides, heavy metals, food additives/preservatives, industrial pollution, etc.)<sup>1</sup> Intracellular depletion of glutathione ultimately results in cellular death, so keeping sufficient glutathione pools in the body is of paramount importance. Several studies report that plasma glutathione levels decrease with age, thus increasing the chances of developing chronic health conditions.<sup>2</sup>

### SUPPORTS DETOXIFICATION FROM ENVIRONMENTAL CONTAMINANTS†

Increases glutathione, the body’s “master” antioxidant, essential for immunity and detoxification.

### PROMOTES HEALTHY AGING AND IMMUNE FUNCTION†

Proven to support detox from harmful chemicals and pollutants.

### ANTIOXIDANT SUPPORT TO COMBAT OXIDATIVE STRESS†

Vital for aging well and managing chronic health conditions.

**Supports Detoxification from Environmental Contaminants†**

**Promotes Healthy Aging and Immune Function†**

**Antioxidant Support to Combat Oxidative Stress†**

## SUPPLEMENT FACTS

Serving Size: 2 Chewable Tablet  
Servings Per Container: 30

	Amount Per Serving	% Daily Value
(S-Acetyl)-L-Glutathione	30 mg	**
Liposomal Blend (LPT™) Dextrose, Dicalcium Phosphate, Sunflower Lecithin, Beta Cyclodextrin	1.8 g	**

\*\* Daily Value not established.

### Other Ingredients:

Silicon Dioxide, Magnesium Stearate.

Contains no salt, soy, yeast, dairy, gluten, artificial colors, flavors, or preservatives.

### THIS PRODUCT IS GLUTEN FREE.

Tamper Resistant Seal. If Seal Is Broken, Do Not Use.

If you are pregnant, nursing or taking any medications, consult with your healthcare provider before use.

Keep out of the reach of children.

## RECOMMENDED USE

Chew and swallow two (2) tablets with water daily, or as directed by a healthcare professional.

## SCIENCE BEHIND LPT™

LIPOTABS™ (LPT™) are safe, chewable, oral liposomal tablets manufactured using patent pending, revolutionary small molecule technology in order to support improved bioavailability and effects on the body.<sup>†</sup>

*GSH intake via the oral route does not successfully enhance GSH in plasma, due to its metabolization in the gut. Hence, many attempts have been made to develop GSH derivatives able to easily cross the cell membranes and to enhance its oral bioavailability. S-Acetyl Glutathione LPT™ takes care of these absorption issues so you can be assured of the complete beneficial effects of glutathione on the body.*
